TOPIC: Southbound right turn restrictions during the weekday morning peak period (7am-9am) off Avenue Rd. onto Hillholm Rd., Killarney Rd. and prohibiting southbound right turns and westbound through movements during the same time period at Avenue Rd. and Kilbarry Rd.

On **Wednesday, November 16, 2005**, I will be holding a public meeting at Oriole Park Public School to discuss the potential implementation of southbound right turn restrictions during the weekday morning peak period (7am-9am) off Avenue Rd. onto Hillholm Rd., Killarney Rd. and prohibiting southbound right turns and westbound through movements during the same time period at Avenue Rd. and Kilbarry Rd. A City of Toronto Staff Report from March 24, 2004 is available at www.michaelwalker.ca under the "Staff Reports" section on the left side of the page.

Local residents and the North Hill District Home Owners' Association initially requested a report to determine a way to mitigate commuter cut-through traffic in the North Hill area during the weekly morning peak period (7am-9am). Representatives from your local Residents Association will be attending the meeting to answer any questions. As well, staff from the City's Transportation Services Department will attend the meeting to hear your comments and answer any questions you may have. I urge all residents to attend.

Please have a look at the staff report on our website. Copies will be made available for those who attend the meeting. If you have any questions or would like further information, please do not hesitate to contact me at 416-392-7906. I look forward to seeing you on **November 16, 2005 at 7:00 p.m. at Oriole Park Public School.**

Sincerely,

Michael Walker
