

MEMORANDUM

TO: Councillor Cliff Jenkins
Councillor Michael Walker

FROM: Ann Borooh, Chief Building Official and Executive Director

DATE: September 15, 2006

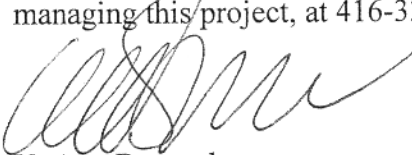

SUBJECT: Update on Proposed Construction Vibration By-law

I am writing to provide you with an update on the status of the resolution adopted by Council instructing staff to undertake appropriate research and prepare a draft by-law to regulate vibrations caused by construction activity in the city.

The Building Division has hired *Inspec-Sol*, a firm that specializes in geotechnical, building science and inspection services, to undertake this project. *Inspec-Sol* will be submitting their final report to the Building Division at the end of November. The Division will then bring forward recommendations for a construction vibration by-law in early 2007.

Should you have any questions on this matter, please contact Dylan Aster, Policy Advisor, who is managing this project, at 416-338-5737.

V. Ann Borooh
Chief Building Official and
Executive Director of Building
