**SUBJECT: Proposal to Install Speed Humps on Woodlawn Avenue West**

Dear Resident,

February 2, 2004

I invite you and your neighbours to a public meeting to discuss a proposal to install speed humps on your street, Woodlawn Avenue West. This meeting will be held at **De La Salle College, 131 Farnham Avenue, in the Main Building Auditorium at 7:00 p.m. on Wednesday, February 11, 2004.**

I am holding this meeting in addition to the December 2003 meeting on traffic calming to discuss the specific proposal to install speed humps in greater detail.

Representatives from the City's Transportation Services will be in attendance to answer any questions you may have regarding this traffic calming proposal; there will be a diagram of the proposed locations of the speed humps. The City's Transportation Services will conduct a poll of you and your neighbours within the month following this meeting to obtain your approval for the installation of speed humps on Woodlawn Avenue West from Yonge Street to Farnham Avenue.

If you would like a copy of the Transportation Services report on this issue, please visit [www.michaelwalker.ca/staffreports](http://www.michaelwalker.ca/staffreports) or contact Chris Sellors in my office at 416-338-5253 or at [csellor@toronto.ca](mailto:csellor@toronto.ca) Please do not hesitate to call if you have any questions.

I look forward to meeting you at **7:00 p.m. on Wednesday, February 11, 2004 at De La Salle College in the Main Building Auditorium** to discuss this proposal.

Yours sincerely,
