RE: **Woodlawn Avenue West**
– *Request for Enforcement of Speed Limit Violations and “Stop” Sign Violations*

Dear Sergeant Cooke,

Attn: Sergeant Frank Malone, 53rd Division

Further to a public meeting held on December 11, 2003 regarding traffic calming proposals for Woodlawn Avenue West, I would like to request specific attention to the enforcement of traffic violations of the posted speed limit and of “stop” signs on Woodlawn Avenue West. Also, I request the tabulated enforcement statistics for Woodlawn Avenue West for the past two years as well as for these newly requested future traffic enforcement “blitzes”.

A number of residents at last night’s meeting voiced their concerns with speeding traffic and the lack of “stop” sign compliance on their street and requested more “blitzes” of enforcement of traffic violations.

I thank both you and Constable Diane Allen for your attendance last night. It was unfortunate that duty pulled you away before the end.

I look forward to working with you on this and other neighbourhood projects.

Sincerely,

Michael Walker
Councillor – Ward 22
